— THE JOY OF WINE —

Wine Export Spain, S.L. is a wine export company, representing numerous wineries from different Denominations of Origin in Spain.

Since 2015 our export service has gained success all over the world and provides an excellent service for our customers. Our philosophy is to build long, solid relationships by working closely with our clients, both producers and buyers. We strive for successful commercialisation and promotion of our wines.

Wine Export Spain can source wines for your customers and we can offer several Denominations of Origin to help set up your portfolio. We also organise order consolidation in one place, from where various pallets can be shipped, saving on transport costs.

We have a large portfolio of wineries that supply the bulk wine market and have great experience in shipping to both bottlers and blenders around the world.

For clients that wish to have their own label quality wines, we have a team that can assist in all areas, including sourcing, blending to suit the target market tastes, price negotiation, bottling and label design.

We love wine and offer a consulting service to help choose the right wines for your market. Don't hesitate to contact us, we will be happy to assist you.

INTRODUCING OUR NEW WINES

MÁS LIMÓN

FRIZZANTE LEMON WINE, 5.5% VOL

Very drinkable, low alcohol wine for the health conscious - so you can happily enjoy more! Bubbly soft and fresh taste of lemon and grapes with a refreshing finish. Chill and enjoy on any occasion.

Serve with fish, white meat, Asian food, or delicious on it's own.

STRAWBERRY WINE

FRIZZANTE, 3% VOL

Top quality wine crafted with fresh ripe strawberries and grapes from the Huelva region in Spain. The native grape varieties of Condado de Huelva, Zalema and Moraina are mixed with strawberries from world famous Fresón de Palos to form a sparkling and refreshing drink that will delight every palate. Chill and enjoy with or without food. Low alcohol.

LIMONJITO

COCKTAIL WINE 15% VOL

This particular recipe is inspired by my friends who all enjoy a delicious Mojito but who do not like high levels of sugar and alcohol.

Muscat grapes from Alexandria are blended with the lemon varieties, Eureka, Verna and Fino to create a perfect summer drink with a refreshing hint of mint.

To prepare a delicious Limonjito cocktail, you'll need a long measure of wine, crushed ice, mint and short shot of soda. No need for added sugar or syrup - perfect as a healthy alternative to traditional cocktails.
